

### Initial Consultations

Please be aware that the initial discussion of any skin concerns, treatments, treatment options, or medical/cosmetic issues are considered a general consultation. General consultations regardless of the purpose are \$500 which is due at the time of visit, regardless of treatment. This fee can be credited towards procedures if it is performed that day or within *six months* of the consultation. Any patient that has not been seen in the practice for over three years is subject to a re-registration, consultation and subsequently its associated fee. Please be advised that we do not accept personal checks or participate in any health insurance plans.

Thank you for your understanding in this manner.

I have read and understand the above declaration.
